### Personal Profile

I am adaptable and enthusiastic worker currently studying Computer Science at the University of Bath. I approach problems with a decisive mind set and use decomposition to reach my targets in an organised fashion. I strongly believe in teamwork and cooperation throughout work.

### Education

2020 - present	<b>University of Bath – Computer Science BSc – First year.</b>
2013 - 2020	<b>Chesham Grammar School</b> <b>A level:</b> Further Mathematics (A), Mathematics (A*), Computer Science (A), Physics (A). <b>GCSE's:</b> 4 grades 9's, 2 grade 8's, 3 grades 6's, 1 grade 5, 1 grade A.

### Technical skills

- Full UK driver's license
- Experience using Windows, Android and Word
- Organisation and teamwork experience through volunteering at WorkAid, a tool repair shop for 12 months.
- Time management and critical thinking.

### Achievements

- Gold DofE
- Competed in BathHack 2021 using React
- Participated in Cyber Security camps for the last 3 years.
- Kendo *Ikkyū* grade
- Gold in senior maths challenge

### Work Experience

July - Sept 2020	- Worked as an Assistant Gardener at RM Gardening for 3 months during last summer for which included manual labour and dealing with customers' requests developing my tenacity and adaptability to different workplace environments.
July 2019	- 1 Week work experience at the Audit Bureau of Circulations in various departments reviewing magazines authenticity and managing IT issues which helped me understand how a team of people is coordinated.
June 2018	- 2 Weeks at the IT help desk at Close Brother Asset Management assisting with various jobs, including network problems, software installation/setup and sorting hardware appliances. This helped develop my team communication and people skills.

### Interests

I enjoy kendo (a Japanese martial art) as well as spending time creating artwork. In my free time I am currently self-taught learning guitar due to my interests in music.
